How to become a member of the Multicultural Business Support Centre

The AAMEYS & MBSC has over the years developed an application system to mainly protect the integrity of small Businesses as its members. Because at times, there is somewhat confidential information exchanged within the members there is an effort to have some non-competitive criteria adhered to. For this reason, all members have a say in the application process. We will advocate on behalf your business interest, also provide mailing address and network for your business.

- You must be in business for a minimum of one year.
- You must be in a business classification or category not already occupied by an existing member. (Although some classifications can overlap the MBSC strives to have no competition for business within the MBSC.)
- You must agree to make a conscious effort to communicate for services to support your business.
- You must communicate all business information received/challenges as a confidential trust with fellow members of the MBSC.
- You may join the MBSC through Business held membership.
- As a member, you are expected to keep your account dues current.
- You must apply in writing, filling out an application form accompanied with a cheque for your initiation fee and your first quarter dues.

Membership is limited to one Business member for any particular business classification.

Each member will be recorded as a member in the Multicultural Business Support Centre Data base. If any member feels that the application is an infringement on their classification or if it is brought to the attention of the membership chairman that there may be some other reason why the application is denied it is at the discretion of the Club's Board of Directors to refuse the application without explanation.

If you would like to take advantage of this unique business opportunity just fill out the application provided and mail it along with your cheque to:
